

Library Holdings

Click the link below to enter a website called LibraryThing which is a database containing a list of all of the books we have in the SVFM library collection.

<https://www.librarything.com/catalog/svfm>

To search for a specific book: Go to the upper right of the screen. There you will find two search windows; enter the title or author into the LOWER of the two search windows; it should have the words 'Search this library' in the window. (Do not use the window at the very top right of the screen, in the brown banner, labelled 'Search this site'.)

To search by category: Click on the 'All Collections' button at the top left of the page then choose the category of interest from the drop-down menu. You can sort the books in a particular category by then clicking on the button to the right of the category button that has an up and down arrow on it.
